

Education Payments

Seamlessly receive and reconcile your education payments from anyone, anywhere in the world—at any time.

Flywire Education Payments revolutionize student financial services with a secure, easy-to-use payment platform that is backed by 24x7 multilingual support. As part of Flywire's comprehensive receivables solution, our Education Payments enable institutions to securely receive, process and track cross-border and domestic payments from students regardless of location.

Flywire streamlines the payment process to better serve students worldwide by enabling you to:

- Offer convenient payment options with no hidden bank fees
- Securely receive, identify and match payments to speed reconciliation
- Ensure complete visibility with real-time tracking from initiation to delivery
- Ease operations via self-service account access, reporting and more
- Provide around-the-clock assistance via phone, chat and email

Flywire has been solving complex payment problems for education institutions since 2009. Today, our comprehensive receivables solution continues to empower education opportunities by enabling institutions to seamlessly receive payments from anyone, anywhere in the world—at any time.

Mix and match our education products to build your ideal solution:

-  Education Payments
-  Payment Plans
-  A/R Collect
-  Billing
-  Refunds
-  Virtual Terminal
-  Secure Checkout
-  Third-Party Tools

Future-proof your payment process

Want to provide a better payment experience for your students?

Today's students require efficient systems that keep up with constantly changing needs. With Flywire Education Payments, students benefit from a secure, streamlined payment process that is not only easy to navigate, but also offers local, convenient payment options that save time and money. Our transparent payment process provides real-time tracking and status updates every step of the way so students know exactly when payments are delivered.

Do you have the ability to offer payment methods for hundreds of countries worldwide?

Education institutions often don't have the resources to research and offer country-specific payment methods. This is why our global banking experts develop relationships around the world to provide you with a powerful payment network. We securely process payments in over 150 currencies from more than 240 countries and territories, and protect students from inflated exchange rates by securing wholesale rates and disclosing costs up front.

Are you able to provide around-the-clock customer support?

Due to size, importance and infrequency, education payments can be intimidating for students and their families. Answering payer questions in real time can be a challenge, especially when they're in different time zones. At Flywire, we become an extension of your campus. Our 24x7 multilingual customer support provides around-the-clock assistance via phone, chat and email to help you provide an optimal payment experience.

Why should you receive education payments with Flywire?

Flywire securely handles payment processing and fund transfers, ending the need for you to share your institution's banking information online or in print. This eliminates your risk of exposing students to fraud. Receiving education payments with Flywire is easy as:

- 1. Booking:** students book payments with Flywire in their home currency
- 2. Exchange:** Flywire or our local licensed partner receives payment and processes foreign exchange when necessary
- 3. Payment:** Flywire sends funds to institutions via batch disbursements with easy reconciliation
